PROFILE SUMMARY

Analytical problem-solver experienced in **B2B demand generation, market research** and **campaign analytics,** translating customer and market insights into measurable business outcomes.

PROFESSIONAL EXPERIENCE

***Sales Catalyst* , Convertcart** **Oct 2024-Oct 2025**

- Profiled **300+** eCommerce brands/month through structured **market research** analysing UX and engagement signals to identify high-potential target accounts, improving segmentation accuracy by **25%**.
- Tracked and analysed **20+** monthly campaigns on **open, reply and conversion metrics** to generate actionable insights, achieving a **19% uplift in response rates and a 42% increase in qualified client meetings.**
- Supported end-to-end **demand generation cycle**, from audience targeting to facilitating **7-8 qualified demos/month**, achieving 90%+ KPI attainment and a **30-35% conversion rate**, directly contributing to revenue **pipeline growth.**

***Business Development Executive* , Facile Infoserv** **Oct 2023-Sep 2024**

- Generated **$80K+** in new business pipeline by developing account-based outreach strategies and advising on **vendor onboarding** for an MNC; supported **$25K** engagement closure through structured **stakeholder engagement**.
- Built and **managed pipeline** of 100+ qualified leads through C-suite **stakeholder mapping** and multi-touch engagement cadence across 50+ enterprise accounts; contributed to **sales enablement** by maintaining structured account follow-up.

ACADEMIC PROJECTS/TRAINING

- Empirical Study: Examining consumer trust and purchase intention for healthcare products on quick commerce platforms in India.
- Business Analytics Capstone: Modelled data in Excel (VLOOKUP, Pivot Tables), queried via SQL, and built Tableau dashboards to benchmark performance and surface insights.
